A harmonious blend of warm and cool tones, Two Tone showcases the natural contrast of light beige-bluish grey and soft reddish-brown hues. This sandstone exudes a subtle elegance, with each piece revealing unique variations that bring depth and character to any space.

- ✓ Strength and durability make it ideal for residential and commercial environments
- ✓ Large load-bearing capacity suits it well for pedestrian and high-traffic areas
- ✓ Perfect for contemporary landscapes, façades, or bespoke architectural elements

Physical Properties	
Apparent Density (kg/m <sup>3</sup> )	2,550
Water Absorption (%)	1.2 – 1.4

Mechanical Strength	
Compressive Strength (MPa)	160 – 200
Flexural Strength (MPa)	30 – 36

Dimensions, thicknesses, and configurations of slabs can be customised in accordance with specific project or client requirements. Technical data sheets, quality certifications, and laboratory test reports can be furnished upon request or as required by the project specifications. Images are digitally created for representational purposes to convey tone and character; natural stone may vary in colour and pattern.

All product descriptions, images, and specifications are provided for general information and illustrative purposes only. Natural stone is a product of nature; variations in colour, texture, and veining are inherent and should be expected. While every effort is made to ensure accuracy, the actual material may differ slightly from samples or photographs. Performance characteristics, such as durability and slip resistance, may vary depending on installation, finish, and maintenance. The company reserves the right to change product information without prior notice.
